To open a new position:

1- From the trading platform select the financial instrument, then go to Tools and select "New Order", the order window will open

2- Select the Order Type

3- Select the Parameters

4- Submit your order by clicking the order execution buttons.

If you are using One Click Trading, simply click on the Bid (Sell) or (Ask) Buy on the top-left corner of the chart making sure you are on the right instrument. You can refer to our educational videos available on the Portal under "Tools" - "Education".
